Scenic Spots Nearby

Yuen Long, where the Wetland Park is located, has numerous natural or cultural attractions like Tsim Bei Tsui, Kam Tin Tree House, Ping Shan Heritage Trail and Nam Sang Wai. Visitors may plan their itinerary including these spots for a half or full day journey. For details, please visit the Hong Kong Tourism Board's website at www.discoverhongkong.com.

Visitors may also enjoy delicious seafood in Lau Fau Shan, a renowned traditional seafood market, or go shopping in the Yuen Long town centre. It takes just a 10-min ride by car or taxi from the Park.

Seasonal Beauties

The Wetland Park showcases a variety of wetland habitats with spectacular scenery that makes it an ideal place for avid photographers.

Spring and Summer

The best seasons for watching butterflies, dragonflies and flourishing flowers in the Park.

Autumn and Winter

Thousands of migratory birds, including endangered species like Black-faced Spoonbill, take shelter in the Park.
